Subject : Royal Decoration

Dear mr. Tinnemans,

A royal decoration is not meant for everyone. Only for those who have made many efforts to benefit our society during long time.

Personal makings and achievemenst with a special value for the society are decisive in this issue.

By Royal Decision you are appointed as 'Member in the Order of Oranje-Nassau' because of your long term and selfless commitment for the pure bred of Malinois and intensive training with objective as practical policedog. In this context you are respected both national as international as a great authority.

But also because of yor selfless commitment as chairman during 41 years of the KNPV club 'De Trouwe Vriend' Nederweert which is not being unnoticed and rewarded by this appointment.

I sincerely congratulate you with this special appointment because it's a great honor to receive this Royal decoration. In Holland we say: *'honor where special credit is due!'*. Because of the actual corona virus, the official ceremony will take place on a later moment. I really would like to vist you again that special day.

Traditionally the college of Mayor and Councilors receive all residents of Nederweert who are rewarded with a Royal decoration to toast on the birthday of our King.

Unfortunately this is not possible at this moment because of the corona virus.

It's my intention and hope to realize it later this year.

You'll also be rewarded with a special musical aubade that meoment by the harmony Saint Jopseph of Nederweert.

Yours sincerely,  
The Mayor of Nederweert

B.M.T.J. (Birgit) Op de Laak
